Question 3

Read the passage given below and answer the questions that follow:

A Tech company with offices in India and the UK, was facing delays in a joint project due to poor communication. Indian team members found British accents hard to understand, while UK staff struggled with time zone differences and slow email responses.

To solve this, the company introduced clear written guidelines, simplified language, and began using messaging apps for faster replies. Weekly video meetings were rescheduled to suit both time zones. Cultural awareness training also helped teams understand and respect each other's communication styles.

As a result, project progress improved, misunderstandings reduced, and teams collaborated more smoothly. This case highlights how small changes and sensitivity to barriers can lead to effective global communication.

- (i) How are barriers to communication harmful to organisations? [2]
- (ii) State two communication channels which would be effective in the above case. [2]
- (iii) How is cultural awareness a part of understanding a target audience? [3]
- (iv) How important is feedback in the above situation? [3]
